

Dear

Thank you for enquiring about Highfields Happy Hens Birthday Parties, we will be pleased to make your day very special. We have a number of enthusiastic staff members dedicated to making your child's day special, all of which have ample experience working with children of all ages.

Our parties, **for children aged 3 years and upwards**, are very flexible and are catered around your needs. This pack provides you with all the information that you will need on our range of parties and prices, allowing you to choose the best party for your child.

We have a great function room, which helps to provide a great party atmosphere, with lots of room to eat your party meal and to play lots of games. If you have had parties with us before then look out for the  signs to see what different things we have in store for 2014!

We do not take bookings for less than 10 children and the maximum that we can accommodate is 30 (**all siblings aged 2 and over, must be included in the party numbers**). Due to previous experience, for parties of children school age - we recommend that adults (other than 2 to help) do not stay for the party. If travelling is a problem, we have a tea room serving hot and cold drinks, snacks and lunches, all extra adults staying for the party must pay their entrance fee and collect their badge from the shop. For parties for pre-school children (age 3 or 4) we recommend one parent per child to stay if they wish to (free of charge) + the birthday child's 2 helpers, parent food platters and drinks are available from our tea room (platters must be pre ordered, drinks can be purchased on the day).

Our parties are available throughout the week and last for 2 hours.

Premium Parties!

Available Saturdays - From just £6.95 per child
Start times: 11.00am and 3.00pm

Mid-week Parties!

Available Tuesday-Friday - From just £6.50 per child
Start time: 4.30pm (school term)
Start times: 11.00am and 3.00pm (school holidays)

A 25% non-returnable deposit is required on booking, other payments must be given on the day of the party. You must also provide an estimate of the number of children, allowing us to cater for your needs. At least one week before the party we require the actual numbers and also ask for a list of their names (name stickers are provided on the day). After this time, all booked children must be paid for. If at this time you find that less than 10 children will be attending, we will still need to charge for 10 children in order to cover costs.

Please read through this party pack carefully and choose what would be best for your party. If you are unsure of anything or would like any more information, please do not hesitate to contact us, we will be pleased to help.

Thank you once again, we look forward to hearing from you and holding your child's Birthday party!

From All the party staff at Happy Hens.

WARNING: Farms can sometimes be very muddy, but are always lots of fun. We do not accept responsibility for dirty clothes and children!!

Party Plan!

This is a plan of the basic layout of a party at Highfields Happy Hens. It is very flexible and any part of it can be changed to suit your child's needs.

00.00 - Your party host will meet the children as they arrive, name stickers are given out. The bouncy castle is available March-September (weather permitting) indoor play equipment is available if the bouncy castle is not.

00.10 - A guided tour around the farm will be given, including a private tractor ride and a chance to collect some eggs, which the children can take home. **Children are asked to wash their hands regularly whilst out on the farm, this is done as part of the farm tour to ensure that all hands are kept as clean as possible.**

00.40 - The tractor will drop us off at the animal barn where the children will get the chance to feed the animals, then, if there is time, they can play in the hay play and sand play areas (please ensure that any asthmatics have their medication available as this can be rather dusty).

01.00 - The Children are asked to wash their hands again before going into the party room. If you have asked for Henrietta to visit, she will be waiting to meet them. The birthday photo is taken before the children sit down to enjoy their party meal at the specially decorated table, the birthday cake will also be presented during this time. (The meal can be provided by you or by us.)

01.30 - This time is left spare to play games, these can either be provided by you or us. There is also the option of parachute games, which would take part during this time. If you choose not to have games or the parachute the bouncy castle is available March-September (weather permitting) or the indoor play equipment, there is no extra cost for this. We also find that birthday children can't wait to open their presents, we are more than happy for you to use this time as a present giving time if you wish. If you have 20 children or more attending your party, this spare time will be greatly reduced due to farm activities, therefore we recommend that you allow the children to play with the scatter balloon's and play equipment or on the bouncy castle as it would be a struggle to fit in the games.

02.00 - Party bags and eggs are given out as the children go home.

WARNING: Farms can sometimes be very muddy, but are always lots of fun. We do not accept responsibility for dirty clothes and children!!
